

## Parent Involvement Policy

Aikin Elementary is committed to parental involvement in the education of its students. We actively involve parents in this process.

1. All parents are invited to our fall and spring conference nights where they will meet with teachers to receive student performance progress and profile information.
2. Issue a document that states the needs and responsibilities of both the school and at home. It will be called the School Parent Compact.
3. Provide clear information in English and Spanish to all parents.
4. Include the parents in Campus Action Plan and Local School Council Meeting information.
5. Provide regular PTA meetings to formulate suggestions and provide answers to parents' questions.
6. Parents will receive a PTA communication including regular school updates in both English and Spanish.
7. The school will provide opportunities to volunteer.
8. All teachers have a scheduled conference period in which they are available to meet with parents on request or request parent conferences.
