Construction Safety

- All construction workers will have proper background checks and badges.
- The construction site will be secured with fencing, privacy screens, and locked gates between construction and student areas. Only on-site CORE staff can unlock gates.
- An 8'-0" secure fence will surround student portable buildings, with no access to the construction zone and controlled entry points.
- Temporary walls inside the building will separate construction areas from student areas.
- The construction team will meet weekly with school leadership to plan around important events.
- CORE staff will perform daily safety checks around the campus and fix any issues immediately.
- Clear signs will direct both construction and public traffic.
- Construction workers will enter from a separate area away from student drop-off and will park inside the construction zone.
- COMPLETE SEPARATION between students/staff and construction workers will be maintained AT ALL TIMES.
