Parent Engagement Policy: Skyview is dedicated to maintaining steady communication with the parents of students to promote a positive rapport and partnership both within and outside of the school. Parent and Family Engagement not only requires schools to partner with parents of students on decision making, but also require a percentage of the school's educational dollars to be allocated towards Parent Engagement. The staff here at Skyview will make every effort to listen to the family and seek their input on decisions and information pertinent to their child's education. Together, we will strive to enhance the lives of our students through cooperation, teamwork, and the sharing of ideas and goals for the future.
