

We are proud to be a Two-Way Dual Language choice campus!

Unlike one-way dual language programs, students in our two-way dual language immersion program are composed of equal numbers of native speakers of Spanish and native speakers of English. Instruction is provided in English and Spanish, and language learning is integrated with content instruction as students progress through elementary years. **Our goal is for all our students to become bi-literate, bilingual, and bicultural scholars!**

Stults Road Elementary
